Jul. 4, 1990

Dear Subscriber:

This, our largest sale-catalog to date, is filled with a variety of subject matter and is replete with reference material, First Editions, emissions from the past and more recent years' promulgations. There are even a few items to tempt the "just-plain-collector".

We have been doing some traveling to coin shows, and one meeting, in particular, stands out as being of great interest. The Early American Coppers 1990 Annual Convention, held in Orlando, gave us an opportunity to meet some new people and also to say "hi" to some old friends. Denis Loring, Hank Spangenberg, Ronnie Adam (with his new "discovery" large cent), Bob and Cindy Grellman, Dick Punchard, Jack Robinson, Mark Borckardt of Bowers and Merena, and Bill Weber of California are only a few of the folks that we had a chance to spend some time with. As you know, the EAC is a fine group and the members are dedicated to the old proposition - "FIRST THE BOOK".

Speaking of Bill Weber, please pay careful attention to Section "J". It contains many duplicates from his fine collection of literature devoted to early coppers. You will find, for instance, all three editions of the fabulous "Robinson S. Brown Jr. Collection of Large Cents, 1793-1857". The card-covered catalog has Bill's personal notes taken at the time of the sale in the margins. You can expect some spirited bidding for these excellent reference materials.

The main body of this sale is made up from the collection of a "Southern Gentleman" who has spent many years building a fine numismatic literature library. This is the first installment of several parts, so you can see that there is much more to come. Our consignor, like many other fine collectors, is doing his part in making sure that material is handed down to others so that they may enjoy the riches associated with acquisition of the wealth of knowledge to be found in these volumes.

A reminder that phone bids are accepted until the time of closing. Second bids are allowed, but with the proviso that the second bid will not be reduced. Your bids are treated as limits and every effort is made to act on your behalf, as competition dictates. Please do not bother to bid so low that the only prudent course of action is to disregard that bid. We are also mindful of our responsibilities to our consignors.

You will find an explanation of abbreviations used, a guide to book sizes and a definition of grading listed on the inside back cover of this catalog.

REMEMBER TO USE THE LETTER-NUMBER COMBINATION WHEN BIDDING!!!

Thanks for your business and "Good Luck!".

## TERMS OF SALE

1. This is an unrestricted Mail Bid Sale. All lots will be sold to the highest bidder. Enter your bid by lot number. Please feel free to bid as much as you wish on each lot, with the realization that all bids will be treated as limits and all lots will be sold below these bids as competition dictates. Bids that are not entered in good faith or are totally ridiculous will be refused at the cataloger's discretion.
2. Closing date for this sale is Saturday, Jul. 28, 1990 at 9:00 PM EST
3. Bidders who are unknown to us are requested to supply two(2) bank or trade references prior to sale or submit a deposit equal to twenty-five percent(25%) of their total bid.
4. A Ten Percent (10%) Buyer's Fee will be added to each lot won. A packing charge of fifty cents per lot plus shipping charges will also be added.
5. **TERMS:** Strictly cash, payable in U.S. funds. Payment is due upon notification of successful bids. Title to all lots remains with the cataloger until paid for in full. Delivery may be postponed until full payment is received, at the discretion of the cataloger.
6. Unsuccessful bidders will be notified by mail in a prompt manner. We recognize the importance of liquidity of funds and will return deposits on a priority basis.
7. A prices realized list will be mailed to each person receiving this catalog. This is being done to ensure widespread dissemination of market information.
8. Mail Bid Sales are not approval sales. No lot may be returned without written authorization and this must be requested within three days after receipt of lots purchased.
9. All books are as described. Any errors or typographical mistakes will be happily corrected.
10. A Florida 6% Sales Tax will be added to all lots delivered within Florida, unless a valid resale number is on file with us.
11. The cataloger has attempted to describe the condition of each lot as to signs of wear. If no descriptor is noted, it may be assumed that the lot is in Fine(F) to Very Fine(VF) condition.
12. "Good Luck in your bidding."

A note on some of the abbreviated terms used in this section (and others):

Please refer to the key to abbreviations found on the inside of the back cover of this catalog. In addition, you will find the abbreviation OM - this represents the original mailing envelope in which the catalog was sent to the subscriber. Also, please note that the plus (+) symbol is used to denote the fact that the contents of a particular catalog are in somewhat better condition than the covers. You are reminded again that lots A420 through A460 are catalogs from "The Ted Craige Library" and will contain many annotations and other writing. These could be of assistance to the researcher.

**NUMISMATIC LITERATURE**  
(Dealer Catalogs)

This section features dealer catalogs that are devoted to the sale of Numismatic Literature. For the collector who is building a numismatic library, these catalogs offer a wealth of information. A number of early European and American coin firms included books in their auction sales of coins, but it wasn't until the advent of firms such as Frank Katen's and George Kolbe's (among others) that entire sales were devoted to literature.

As with any study of an area of collectibles, these sale catalogs will provide for an excellent reference source.

SOME EXPLANATORY NOTES

There were many tie bids and in those cases the earliest bid received wins the lot.

Lot J26 (Banks-"Coins of Bible Days") was withdrawn after I learned that the David Bowers mentioned in the description is not "the" Q. David Bowers of Numismatic Literature fame.

Lot H34 was withdrawn at the request of the consignor.

The strength in the collector-coin market is well evidenced by the demand for reference material in this sale.

Our next sale will be held on October 27, 1990 and the variety of material to be offered promises to make for a very interesting catalog.

Many thanks to those of you who participated in this sale and we look forward to hearing from all of you in the coming months.
